WORLDEX

Where the **future of electronics** and **home appliances** comes alive.

India is emerging as one of the world's leading hub for consumer electronics and home appliance manufacturing. CEI is a high-impact B2B platform designed to spark business, innovation, and market expansion. The show connects Indian and international manufacturers, brands, suppliers and technology innovators with powerful trade buyers, distributors, retailers and sourcing professionals from across India. If you want to launch, grow, source, partner, and expand your presence in one of the world's fastest-growing electronics and home appliances markets, CEI 2026 is where you need to be.
